USANA HEALTH SCIENCES

# It's All in the Grape

Procyanidins are important antioxidants found in grape seed extract, known for their potent free-radical scavenging activity. USANA's **Proflavanol®** and **Proflavanol® 90 Extra Strength** provide an excellent source of these health-assisting antioxidants. Support the body's natural defences against free radicals and fortify your immunity with superior antioxidant protection in a strength that's right for you.
