

FAST START BONUS

Earn up to **100 CVP** when you get your new teammate off to a fast start.

From August 30 to October 31, 2014, you'll earn a bonus for each new, personally sponsored Associate who generates enough Sales Volume Points (SVP) with their initial order to open either 1 or 3 Business Centers. The amount of bonus depends on the SVP of their initial order and the Business Centers they open.

You get 25 Commission Volume Points (CVP) when each new, personally sponsored Associate generates 200 SVP

with their initial order and opens 1 Business Center. That amount goes up to 50 if your new, personally sponsored Associate generates 400 SVP with their initial order and opens 3 Business Centers.

You can double your bonus when your new teammate's first Auto Order processes with 100 SVP and processes within four weeks of enrollment.
