KATE SNAPS AGAIN!

### Jake dates a Reese look-alike

Now that his romance with Reese Witherspoon is over, Jake Gyllenhaal is dating again. And his *Brothers* co-star Tobey Maguire is playing matchmaker! On January 9, Tobey and his wife, Jennifer Meyer, arranged a double date with Jake, 29, and one of her friends at the Chateau Marmont hotel in Los Angeles. "The girl actually resembled Reese in a lot of ways, but her hair was curlier. She isn't a celebrity and seemed like a normal, nice girl," says the insider. And Jake and the mystery blonde seemed to hit it off on their first date. "He was listening intently whenever she spoke," adds the insider, who thinks a new woman is just what Jake needs. "He is lonely and wants a girlfriend. And Tobey's wife has a lot of single, successful girlfriends. I'm sure he trusts her instincts," adds the insider.

"Jake took the breakup hard at first. But now he wants to start his social life."
