SKIN CARE DOESN'T HAVE TO BE COMPLICATED.

Everyone's skin could use a little extra support to keep it clean, smooth, and touchable—it's just a matter of choosing the right products to keep your face looking its best. Sensé™ offers a complete line of skin care with patented self-preserving technology, so you receive healthy looking skin without the added chemical preservatives you'll find in many other products. Follow these steps for worry-free skin care:

START WITH A CLEAN SLATE

- In the morning and at night, rub **Gentle Daily Cleanser** over dry skin, add water, then rinse thoroughly.
- The cleanser's mild, soap-free formula removes dirt and oil without drying or irritating your skin.

BEFORE YOU SHAVE, EXFOLIATE

- After cleansing, apply **Rice Bran Polisher** to moist skin, gently scrub, and rinse. Apply shave cream as directed and enjoy a closer, smoother shave.
- This polisher removes dead skin cells and moisturizes your skin.

FORTIFY YOUR SKIN

- After cleansing and shaving in the morning, smooth **Daytime Protective Emulsion** onto the face and neck.
- In addition to being a potent moisturizer, this lotion helps strengthen your skin from visible effects of sun damage.
