

# A Dramatically Different Dietary Supplement—TenX Antioxidant Blast™

## Antioxidants are your key to health

Healthy cells are the building blocks of a healthy body. But stress, fatty foods, harmful environmental elements, and normal cellular metabolism can damage your cells through a process called oxidative stress. Antioxidants are your first line of defense against oxidative stress. With a concentrated dose of antioxidants, including vitamin C and a unique bioflavonoid complex fortified with USANA's patented Olivol®, **TENX ANTIOXIDANT BLAST™** is a delicious and nutritious way to help you maintain great health.

- Neutralize free radicals and reduce oxidative stress\*
- Promote cardiovascular health\*
- Support robust immune function\*

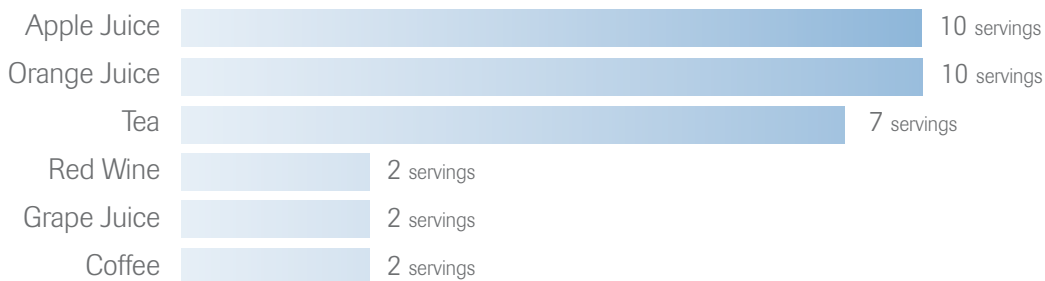

## The best of science and nature

USANA scientists formulated **TENX™ BLAST** based on the proven health benefits of common fruits and bioflavonoids. Each all-natural **TENX BLAST** is packed with two servings of fruit, making it a good source of fiber and an excellent source of vitamin C. One **TENX BLAST** surpasses most common beverages known for their antioxidant power based on ORAC scores†:

## = Average Antioxidant Level Comparison Number of 8 oz. servings you would need to equal one TenX.

Analysis by USANA Health Sciences, Inc.

†ORAC, short for Oxygen Radical Absorbance Capacity, is a widely used analysis that measures the antioxidant power of foods and other chemical substances. If a substance has a high ORAC score, it means it is high in antioxidants.
