HYBRID
USANA Nutritional Hybrid Technology

The **Hepasil DTX™** supplement supplies important nutrients that support the liver and balance the detoxification processes within the body.

Who to Share With
- People whose lifestyle (e.g. heavy alcohol consumption) places extra stress on their liver
- People whose liver health is a priority

Why USANA's Hepasil DTX
- Hepasil DTX provides high-quality milk thistle extract to stimulate liver enzymes while protecting it against oxidative damage.
- It includes an array of antioxidants from green tea, olive, and turmeric for further liver protection.
- It is effective, safe, and manufactured to pharmaceutical quality.

How to Use
Take three (3) tablets a day, preferably with meals.

The Detox Factory
The liver is one of the largest and most complex organs in the body. Besides aiding digestion, distributing nutrients, and producing important proteins, the liver works non-stop to clean the blood by removing harmful substances from it.
