

MAXIMIZE

YOUR BUSINESS

(AND GIVE YOURSELF A RAISE)

DID YOU KNOW?

If you maximize a Business Center entirely with Auto Orders, you'll receive **1,000** Commission Volume Points PLUS an additional **250** Commission Volume Points. That's free money, people!

And there are no excuses for not getting this bonus. Why? Because getting people signed up for Auto Order is easier than ever. The benefits are clear! Just follow these steps and appeal to your potential team member or prospect's practical side:

STEP 1:

Explain the money they'll save!

Signing up for Auto Order saves your new Associate or Preferred Customer **10 percent** off the Preferred Price and **20 percent** off the recommended retail price. Awesome.

STEP 2:

Show them how they can save even more with Initial Order Reward!

To receive the **10 percent** reward, new Associates must place an initial order, and then set up a reoccurring order through Auto Order. The reward will be split in half and paid during the next two automatically processed Auto Orders: **five percent** will be paid during the new Associate's first weekend-processed Auto Order, and **five percent** will be paid during the second weekend-processed Auto Order.

STEP 3:

Point out the convenience of it all!

Auto Order makes it easy for your new Associates to keep their Business Center(s) open and keeps them staying healthy by providing them with the products they need each and every month. And Preferred Customers won't have to call in their order every month—it'll just get delivered to their door. **No hassle!**

If your team members aren't on Auto Order, give them a call. Everyone wants to save time and money...and by helping out your team, you'll be giving yourself a **25%** raise! It's a no brainer. Make Auto Order a part of every conversation you have about USANA, and **watch your business—and your bank account—grow!**
