

Promotion Period: December 3 to December 23 30, 2016

Initial Order Reward Bonus

Until December $\frac{23}{30}$, you could earn a match on the Initial Order Reward redeemed by each of your new, personally sponsored Associates and Preferred Customers.

Here's how it works:

- Your new teammate or customer places an initial order, and then sets up a qualifying Auto Order to secure their Initial Order Reward.
- You receive a match on the Initial Order Reward redeemed by each of your new, personally sponsored Associates and Preferred Customers in a form of a cash bonus. Initial Order Reward bonus is only eligible on the qualifying products in their initial order—up to 500 Sales Volume Points (SVP).
- Your bonus will be added to your commission check the week after your new teammate's or customer's first qualifying Auto Order processes and again the week after their second qualifying Auto Order processes.

An example:

Your new Associate's Initial Order = \$500

- Initial Order Reward they earn: \$50 (10 percent of initial order)
- Your potential Initial Order Reward bonus: \$50 (10 percent of their initial order)

When their first Auto Order runs:

- They receive the first half of the Initial Order Reward (\$25)
- A week later, you receive the first half of your bonus (\$25)

When their second Auto Order runs:

- They receive the second half of the Initial Order Reward (\$25)
- A week later, you receive the second half of your bonus (\$25)

Free Registration Fee

Every new Associate receives a **Free Registration Fee** when they enroll and earn sufficient Sale Volume Points (SVP) to open 1 or 3 Business Centers.* It doesn't even matter how your new teammate enrolls—online, by phone, or fax.
