of beauty

Formulated with...

USANA InCelligence Technology. Celavive helps unlock your body's power to defy visible aging. Featuring ingredients designed to support your skin's natural renewal processes, these high-performance skincare products deliver benefits unique to your individual beauty needs.

With key nutrients and powerful peptides, Celavive helps support healthy, beauty-preserving functions within your skin to battle the most common signs of visual skin aging, including wrinkles, dryness, loss of elasticity, photodamage, discoloration, and texture.

Go beyond traditional skincare regimens to rejuvenate your youthful appearance with the Celavive skincare system, only from USANA.

CELAVIVE CELL-SIGNALING COMPLEX

Celavive's Cell-Signaling Complex is formulated using **USANA InCelligence Technology**. Two bioactive peptides and two botanical extracts combine to visibly counteract signs of chronological and lifestyle stress aging like fine lines and wrinkles by targeting key skin receptors. Plus, these key ingredients help support six major elements, including collagen, elastin, and hyaluronic acid, that can help produce a healthy skin matrix for younger-looking skin.
